Part B for March 1908

SUBJECT

Maintenance charges of the Bano Bidas
Water works.

1. From the Chief Supt. no 5920 of 19.8. Requests sanction of the sum of Rs. 2863/- spent on account of the maintenance of water works during 1907 in excess of the amount made available out of the M.L. Budget grants being debited to the fund & (2) to the M.L. Contribution towards the maintenance charges of the Water Works, being raised from Rs. 1200/- to Rs. 15000/- a year.

To Mr. Presdt. Bano Bidas, & Comptroller no 7152-4 of 13.3.1908. Observe that it is undesirable to call upon the M.L. to pay more than what they are at present contributing towards the maintenance charges viz Rs. 1200/- per annum & to refrain from revision.

BRIEF ABSTRACT OF LETTER

Requests Sanction (1) to the sum of Rs 2868 spent on account of the maintenance of the water works during 1906-07 in excess of the amount made available out of the Municipal Budget. Grants being debited to Municipal Funds and (2) to the Municipal Contribution towards the maintenance charges of the water works being raised from Rs 12,000 to Rs 15,000 a year

NOTES AND ORDERS

When the Secy to Govt in the P.W.D. proposed the transfer of the Vani Vilas Water works to the P.W.D. for maintenance, he said that the Municipal Board should pay ^{annually} a contribution of

Jul File No 152 of 1907

Serial
No

of Rs 12000 on account of
maintenance charges and
Rs 5000/ towards the sinking
fund for renewals and replace-
ments etc of machinery. As the
Contribution demanded by the
P W D was nearly double the
Amount annually expended
by ~~the~~ on the bridge works
by the Municipal Commissioners
Govt in ordering the transfer
of the works to the P W D fixed
the Municipal Contribution
at Rs 12000/ a year tentatively.
Wrote a ~~portion~~ of the Notes in Vol
7 No 478 05 it would appear
that the contribution was ~~pro-~~
tentatively at Rs 12000/. not
for increasing if subsequent
but rather to reduce it But
the Chief Engineer now says
that the estimate for Rs 12000 -
amounting to Rs 12000/ ~~sanctioned~~
for 1906 07 was only for 10 months
and not for the whole year
requests and that the ~~cost~~
expenditure

Serial
No

amounted to Rs 12134 and re-
quests that the excess expenditure
of Rs 2868/- over Rs 9266 placed
at the disposal of the P W D out-
of the Municipal funds may be
debited to the same funds. The
entire expenditure of Rs 12134
and the establishment and Tools
and Plant charges amounting
thereon amounting to Rs 2184
or in all Rs 14318 has been
included in the Accounts of
the Comptroller for 1906-07
and formal sanction has to
be accorded to the excess ex-
penditure. The charges incurred
by the Municipal Council in
1906-07 on account of Water
Supply amount to Rs 46,400
as detailed below

1 Annual Maintenance charges of the Vane Vilas water works	Rs
(a) Amount spent by P W D	14,31
(b) do by the M.C.C.	1600
2 Temporary improvement of water supply to Mysore	75,4
3 Sinking fund, for	-

Serial
No

2 The Chief Engineer now demands a Contribution of Rs 15,000 instead of Rs 12,000/ on the ground that the latter is insufficient, but the Municipal Council plead inability to bear the additional charge of Rs 3000/. The financial condition of the Mysore City Municipality for the current year is estimated as follows

opening Balance	Rs 33,785 (actual)
Receipts	1,70,920
Total	2,04,705
Deduct expenditure	1,56,863
Closing balance	47,842,

which is in excess of the prescribed minimum by Rs 27,842. But the Municipal Council will have to meet out of the closing balance the maintenance charges of the supplementary steam plant for the temporary improvement of the City water supply, which amounts to Rs 26,564. (Rs 24,037 more)

The Municipal Council
have already more than once
frustrated at the Rs 12000, and it
seems hard to call upon them for
more contributions. This is evidently
a case in which "the cost should
be cut according to the cloth" and
the D.M. may be requested to select
then must adjust their expenditure
accordingly. 10/1/08

Mysore Public Works Department,
Central Office,
Dated Bangalore 19th August 1907

From,

W Mc Hutchin Esquire, M I C E ,
Chief Engineer of Mysore,

B A N G A L O R E

To,

C S Balasundaram Iyer Esquire, P A ,

Offg Secretary to the Government

of His Highness the Maharaja of Mysore,
General & Revenue Department,

B A N G A L O R E

Sir,

W
Adverting to Government Proceedings No 1369-75/
Ml-(478-05)-6 dated the 11th August 1906, ordering the transfer
of the Mysore City Water Works to the control of the P W D
and, tentatively, fixing Rs 12,000 as the annual contribution
payable by the Municipality for the maintenance thereof, I
have the honor to inform you that the ~~Vari~~ Vari Vari Water Works
were taken over by the P W D in the month of September 1906
and the maintenance estimate for the remaining 10 months of
the official year 1906-07 was sanctioned for Rs 12,000, ~~the~~
subsequent to the issue of the Proceedings referred to
the Executive Engineer, Water Supply and Stores Department.
It is represented that this amount was not sufficient to cover
expenditure that might be incurred during the whole year,
estimate having provided only for the minimum scale of
progressive appointments of the pumpin staff & cleaners
men actually filling the appointments had to be made.

2

1

year's service and were drawing more than the minimum pay

21

2 For the above reason, and to avoid the necessity of the lump sum contribution being modified every year on account of increases in progressive appointments, the Executive Engineer proposed that the maintenance charges should be calculated on the maximum scale of establishment. This required an excess of Rs 2,060, and as there were certain other charges which were either not anticipated at the time or omitted through oversight, when the probable cost of maintenance charges was calculated at Rs 12,000, the Executive Engineer requested that the Municipal contribution be raised by Rs 3,000, i.e. to Rs 15,000 per annum. It therefore upon informed the Municipality that without this additional amount the water supply could not be placed on a satisfactory footing, and asked for their opinion on the subject to allow of Government orders being obtained, but they replied that they were unable to meet the additional charge. vide Press letter no 596 dated 4-3-1907 and its enclosure, copies forwarded herewith for information.

W

3 In the circumstances explained above, I request that you will be so good as to move the Government to grant their sanction to the Municipal contribution being raised from Rs 12,000 to Rs 15,000 per annum. It may be also for me to state that the amount of salary fixed was only tentative and could be seen from Government Proceedings no 1366-57/11 (478-05)-6 dated the 11th August 1906, and the refusal of the Municipality to meet the additional charges, I think, is reasonable.

Detail -ment during 1906-07 was Rs 12,134, vide Press Proceeding no 1366-57/11 (478-05)-6 dated the 11th August 1906, and the refusal of the Municipality to meet the additional charges, I think, is reasonable.

Detail -ment during 1906-07 was Rs 12,134, vide Press Proceeding no 1366-57/11 (478-05)-6 dated the 11th August 1906, and the refusal of the Municipality to meet the additional charges, I think, is reasonable.

estimate for '07-08

Letter to Submittal

and referred to me

in next para

4 The actual expenditure incurred during 1906-07 was Rs 12,134, vide Press Proceeding no 1366-57/11 (478-05)-6 dated the 11th August 1906, and the refusal of the Municipality to meet the additional charges, I think, is reasonable.

V , No 7012-4/11 238-06-4, dated the 14th February 1907, Govern-
-ment ordered ~~that~~ the transfer of only Rs. 9,266-2-10 for
this purpose, that being the balance available out of the con-
-tribution of Rs. 12,000 after deducting the expenditure of
Rs. 2,733-13-2 incurred by the Municipality before the water
works were transferred to the P. W. D. Sanction of Government
is now solicited to the difference of Rs 2,868 being debited
to the Municipality.

5 The maintenance estimate for the current year
1907-08 amounting to Rs. 15,000, is submitted herewith for
sanction of Government and allotment of funds. The provisions
entered therein and the deviations from the last year's main-
-tenance estimate are all explained in the report attached
thereto.

6 Early orders of Government are also requested on
the estimate of Rs 24,037 submitted with my letter No. 5412
dated the 30th ultimo, for working the supplementary steam
plant for the temporary improvement of the water supply during
1907-08, as this is an extra charge I ~~say~~ say here that the
maintenance charges will be materially reduced when the
Electrical Pumps are installed at Belagola

I have the honor to be,

Sir,

Your most obedient servant,

H. K. S. Srinivas

Chief Engineer of Mysore.
